EDUCATION

Georgia Institute of Technology | Atlanta, GA — Aug 2024 - May 2026
MS, Human-Computer Interaction, College of Computing

University of California, Berkeley | Berkeley, CA *UX/UI* — Feb 2020 - Aug 2020
Design Certificate Program

San Jose State University | San Jose, CA — Aug 2015 - Dec 2019
BA, Graphic Design (Dean's Scholar)

EXPERIENCE

Sr. UX Designer Consultant | Dahlstrom Technologies | San Diego, CA — Oct 2022 - May 2024

- Led end-to-end design for 3 concurrent SaaS product lines serving 50k+ B2B users.
- Scaled design system via Figma, improved consistency by 30%, enforced WCAG 2.1 AA standards, and collaborated with 4 product and engineering teams.

UX Designer | Align Technology | Raleigh, NC — Mar 2020 - Oct 2022

- Contributed to UX strategy and redesign efforts for Invisalign's e-commerce platform serving 15M+ customers, supporting initiatives associated with a 6× increase in conversion rates and 2× growth in site visitors.
- Designed and launched an AI chatbot for Invisalign.com, contributing to a 40% reduction in support ticket volume and partnering with a cross-functional team to support the on-time delivery of Invisalign 2.0.
- Produced wireframes, high-fidelity mockups, and interactive prototypes for mobile and desktop experiences, iterating designs through usability testing and ensuring alignment with WCAG accessibility standards.

UX Design Intern | Reviver Auto | Foster City, CA — May 2018 - Mar 2019

- Designed iOS, Android, and web experiences for fleet management tools used by automotive dealerships nationwide, contributing to a 25% improvement in dealer efficiency and a 40% reduction in processing time.
- Developed personas, user journeys, and use cases informed by customer research, establishing the UX foundation for two major product releases.
- Created high-fidelity wireframes, interactive prototypes, and visual design concepts across mobile and web platforms to communicate and validate design solutions with cross-functional teams.

PROJECTS AT GEORGIA TECH

Overwatch: Drone-Integrated Dispatch System | Atlanta PD, Georgia Tech PD — 2025 - 2026

- Designed an accessible dispatch interface for law enforcement, integrating three live drone feeds, officer locations, and incident data into prioritized decision-support views.
- Conducted 30+ stakeholder interviews and 17 field ride-alongs across five agencies, synthesizing insights from 120+ research findings into actionable design requirements.

Hiring Workflow Automation | Georgia Tech College of Computing — 2025

- Designed an automated hiring workflow that eliminated redundant data entry, reducing 85% of recurring errors and saving 8–12 hours per hiring cycle.
- Mapped existing processes and identified service gaps to streamline recruiter and candidate experiences across the hiring journey.

Financial Product Prototype (UX Research Prototype) | LendingClub | Atlanta, GA Aug 2024 - Jan 2025

- Led user research initiatives to uncover customer needs, translating insights into user flows, interaction models, and iterative prototypes that validated new financial product concepts.
- Partnered with product managers to define problem statements and align design decisions with business goals.
- Conducted usability testing to reduce friction in key customer journeys within LendingClub's financial tools.

LEADERSHIP

Campus Leader/Ambassador | ADPList & Perplexity | Atlanta, GA Aug 2024 - May 2026

- Served as Campus Leader for ADPList and Perplexity, driving student engagement through mentorship programs, networking events, and career development initiatives.

Vice President | UX/UI Association, San Jose State University | San Jose, CA Aug 2017 - Dec 2019

- Led networking and professional development initiatives for 100+ students, building recruiter partnerships that expanded internship and full-time opportunities.
